

SENECA New List Price – February 2025

Dear Customer,

We would like to inform you that the New SENECA price list will be has been released and will be active starting from 02/02/2025.

From the point of view of the technological offerings and transparency towards the customer, the new price list does not present significant variations.

Despite the market challenges, we have worked hard to keep most of the prices items unchanged. With respect to product lines and categories, coding variations are reported due to innovations, new product variants, adaptation to market needs, logistics and inventory optimization.

We have therefore renewed the price list to make it clearer, more accessible, in line with technological evolution, maintaining the objective of always putting the customer first.

We also inform you that the updated version of the price list in xls and pdf formats is available at this link <https://www.seneca.it/dove-acquistare/>

For any inquiries or clarifications please do not hesitate to contact us by phone at +39 049 8705359 or write us at sales@seneca.it.

Best Regards

Padova, January 31, 2025
